2018 Price List

XCS Post options for other Sled Manufacturers

Both posts are Complete with telescoping center post clamp.

2" Telescoping Carbon Fiber Post for Pro Style Mounts **\$ 4,900.00**

Standard length is 18-30". Custom post lengths are available. Order your center post cable separately. Complete with telescoping center post clamp.

2" Telescoping Carbon Fiber "Super" Post for Pro Style Mounts **\$ 5,200.00**

Standard length is 34-60". Custom lengths available. Order your center post cable separately.

Stand Alone Center Post Cables

Price includes assembled coiled cable and connectors.

FGG 3B 856 connectors on both ends. The orange HD version cable uses sixteen 22 AWG conductors plus two BNC conductors. Unlike other 856 cable manufacturers all 22 awg pins are wired, others only wire 18-19 pins.

Standard Post Length **\$ 1,100.00**

Super Post Length **\$ 1,200.00**

FGG 3B 308 connectors on both ends. Yellow 308 coiled cable uses 16 AWG conductors and has two BNC's available inside the coiled cable.

Standard or Super Post Length **\$ 650.00**

XCS Custom Cables

All of our cables are custom made. Nothing "off the shelf" here. Custom cables, specific cable lengths and connector options are available upon request. Additional charges for specific connector styles may apply. Our standard camera power cables use custom coiled cable, however straight cable is available upon request. If you don't see a cable listed below, please contact us. These are our standard, in stock cables.

TB-6 to Sled Power/Video Cable

Straight Cable **\$ 210.00**

Coiled Cable **\$ 230.00**

8 conductors provide power, video, return video and tally to monitor. 24" length with two 1B 308 right angle connectors. Straight connectors are available.

LCD to Sled Power Cable

Straight Cable **\$ 190.00**

Coiled Cable **\$ 210.00**

2 conductors provide power to monitor. 24" length with one straight and one right angle 1B 308 connector.

Ultimate 2HD Top Stage 1B 307 Power Cable

\$ call for quote

From the regulated 1B 307 power out to customers choice of cable length and connector style.

Camera Power Cables

Straight connectors are used on all camera power cables below with the exception of the XLR power cable. Right angle may be available.

28 Vdc or 14 Vdc Arri/Alexa Camera Power Cable **\$ 240.00**
